Sky to Fly: Faster Than Wind is a stunningly beautiful steampunk-themed runner about saving a sky-city from cruel pirates. Play on 20+ different levels, upgrade your ship and discover the mysteries of the malicious marauders.

This game lifts the veil on the wonderful world of Sky to Fly, where everything is out of the common run. It swings you to an alternative reality in which people had to abandon the solid earth buried under debris, for the islands floating high above. In the next three months we will give you an opportunity to engage in epic sky battles on a variety of airships, and in a year you may create your own civilization and challenge other members of the world of Sky to Fly. Meanwhile, enjoy 20 different levels in the Story mode and limitless missions from friends you are going to meet during the game, upgrade your ship and discover the mysteries of the malicious marauders.

Features:

- 3 hours in the story mode

- 
- 20 core missions + 9 additional quests
  - 10 types of beautiful landscapes that will surprise even the most pampered player
  - 12 charismatic characters, who get you acquainted with the new virtual world
  - 4 types of ships to fly and upgrade
  - 8 crew members to hire for the unique playing experience
  - 9 types of enemies
  - 6 boosters to pick up while flying
  - 4 types of resources to collect

This is a great subway simulator, even though it is from 2009 I don't consider it old. I like this game because it focuses on subway train simulation instead of regular train simulation, freight, steam engines etc. There arent many train simulators that have simulation for subways. However, World of Subways vol.1 offers a simulation that is based of subway train simulation in the USA. I recomend buying this if you are looking for subway simulation in the USA.. The golden weapons are the only clone weapons to be designed very well. Its not a simple recolor like those awful neon weapons. The base texture was remade (as in no sign of damage, scratches to the gun), designs were more thought out and they added a new layer to make them SHINE! Their HUD icons are even made yellow instead of the traditional red.

Id recommend buying these. There is no need to be butthurt just because "they are reskins", these are optional and profit of these DLCs help fund KF2. The only reason to complain is if the reskin was lacking in quality, which these beauties definitely are not lacking.. Ok, so first impressions of the game were great. Saw the trailer and loved how it looked, and when I played the game, it did not disappoint and delivered exactly what I saw. The art is extremely visually-pleasing, and it's probably one of my favourite aspects of this game. The story was great, not mind-blowingly awesome, but enough to keep me wanting more. However, I think that the characters are the best part, especially the main pair as we see more of them than the others, and seeing them develop would be something to look forward to in the future. Overall, I can say that I'll definitely be back for the next chapter.. simple but beautiful. this is stupid wast of time dont bother donloading. AWA is really let down by its soundtrack. It's weak, lifeless, and frequently doesn't feel appropriate for the game. As a result of this, nothing really feels good, even though the gameplay is a pretty inoffensive shoot em up with perfectly fine controls. The sound effects aren't great either, they don't have much impact. It looks decent and the gameplay works but AWA is a weak example of the genre and probably not worthy of your time.

A fun, quick 20 minute adventure in the vein of the old Sierra typing games. Well worth the asking price!. 10/10 would kill myself again. This is a great fun little game, cheap too!

I've played it with versus few of my friends and we've had a few laughs whilst playing it.

I mean it's obviously still in early access so there's room for improvement but the updates so far made some nice tweaks and changes.

Not bad at all for the price of a chocolate bar these days!. Big Money Deluxe

I can't quit clicking you

This is a cruel fate.. The first two chapters and half of the third are 9/10. Interesting puzzles, beautiful graphic and good music. But the second part of the third chapter is ... I don't know how to name it - 0/10. No clues where to go and what to find. There is one item needed to complete the game, but it's absolutely impossible to find it, if you missed it before. And the planet puzzle isn't as good as others. It's a little incomprehensible even with the clues. I recommend this game, but make sure that you look at every corner on every screen in the third chapter.. I just installed AO International Tennis and after i download some players from community and after i play one match in the career it shows me loading data error. How should i fix this?

**Christmas Break!:**

The year is coming to an end and since everyone will be going away to visit family & friends, we'll have a two weeks Christmas break. Starting tomorrow, we'll be off work until 4th January 2018. We won't be radio silent though. On Twitter we'll be giving away one Steam key for Crest each day, follow us to not miss it: [@CrestGame](https://twitter.com/CrestGame)

It's been quite an eventful year for us at Eat Create Sleep and we're thankful for everyone taking this journey with us. 2018 is looking very good so far, with a lot of long-awaited improvements for Crest coming very early on.

Since the current work week only consists of two days for us, we decided to give you a little personal outlook of what some of us will be doing during our Christmas break. Happy Holidays & see you next year!

Martin. **Yai Gameworks Developer Page ; Summer Sale Deals:**

[Yai Gameworks Steam Developer Page is now live!](#)

You can follow the page to receive notifications when we release new games, plus is the new developer page for us on Steam so shows a lot of what we're up to actively (which frankly, is a lot. Despite delays, things are coming along nicely).

Today also marks the beginning of the 2018 Steam Summer Sale! All of Yai Gameworks' catalog of games will be on sale. Most notably, Red Haze will be the cheapest price it'll be for years, once the Summer Sale is up I'm updating the price from \$1.99 USD to \$2.99 USD for the upcoming big content patch update, if you guys don't own Red Haze but want it now will be the best time to purchase it. Close Me, Close Me's extended New Game+ campaign & soundtrack DLC, and Close Your Eyes' Girl's Graveyard and soundtrack DLC all will be on sale as well.

If you own Red Haze before July 8th, make sure to read and follow the instructions here to get a secret surprise in a month or two: <https://steamcommunity.com/games/428860/announcements/detail/1664523682560878190>

I hope you guys are having a wonderful summer! Will be releasing a few things within the next few months I hope to surprise you all with.. **Hollow 2 Steam Page now live!:**

Hollow 2 will haunt you this summer - Steam Store page is now available!  
Add Hollow 2 to your Wishlist to find out what's lurking on board Shakhter-One

[https://store.steampowered.com/app/1055240/Hollow\\_2](https://store.steampowered.com/app/1055240/Hollow_2). **New build in Beta branch - stable version delayed:**

Build .80 has been uploaded to the Beta branch (so you can try it out!), but the included changes/fixes also introduced some other issues, so we don't feel it's stable enough to release yet.

---

We were going to fix these problems this week, but due to illness and some technical issues we sadly don't have a stable build ready for you today! :(

We hope to be able to sort this stuff out quickly, and have a new build ready on Monday!. **Added pause function:**  
1

Added "pause" button in the lower right corner, mainly used to stop the cat work.

When entering the store, looking at the characters, entering the story will automatically pause, at this time can also click pause \ to proceed

Let the time pass.
